

Objectives	To improve quality and outcomes for residents that reduce and prevent future demand on high cost, high demand services				
Priority	2. Improved commissioning and grant-giving to focus on outcomes and be more collaborative, and community-led				
				Lead	When
We wanted to...	Fuller involvement of stakeholders in the commissioning cycle that is outcomes focused. To achieve this, we want to develop collaborative commissioning approaches and investing in developing local consortia/partnerships	We are going to...	<p>2.1 New strategic commissioning board is launched led by Communities Division with representation from Strategic Directors of Housing and Modernisation, Children’s & Adults Services, Public Health. The aim is to improve coordination of council VCS commissioning and development of collaborative commissioning (linked to 1.1 and 1.3)</p> <p>2.2 E-procurement register adapted to maximise VCS use and reduce duplication of grant applications and monitoring</p> <p>2.3 Pilot a Social Value portal</p>	Southwark Council	Once structures are operational
	Changes to how we use contracts and grants with a balance between longer funding cycles and support for innovation to help develop different, more efficient and more impactful services for residents. We will develop a longer-term outlook in terms of grants and commissioning		2.4 New community capacity grants programme which will include longer term grants and shorter term innovation grants – lining to broader outcomes listed in common outcomes framework. Longer term funding cycles are in place.	Southwark Council	<p>Proposal detailing new grants programme to be presented and discussed at May event.</p> <p>New grants programme launched Oct 17</p>
	Agreeing a set of core outcomes (Common Framework) for the benefit of the whole community of Southwark against which impact is measured and aligned against Council and CCG plans		2.5 Create a common outcomes framework that will provide a basis against which the impact against a core set of Southwark Council and CCG priorities	Southwark Council	To be presented and discussed at May event and signed off Commissioning Board
	Building services around the needs of the local community and there is a presumption that local provision is the default position. Using digital approaches to transform our services		<p>2.6 Develop a specification for an online platform that is designed around the needs of the individual – focusing on finding (and booking) services and referral processes between VCS organisations.</p> <p><i>Secure resources to develop and implement system – agree protocols for VCS organisations to be part of the system.</i></p>	CCG and Southwark Council – develop specification, hold specification development days with ‘tech’ firms, undertake person centred testing, secure resources to roll out borough wide system	tbc
