

<b>Objectives</b>	<b>To sustain and build strong, cohesive communities where no one group or community is left behind.</b>
<b>Priority</b>	<b>3. Better use of community assets as a route to revitalize neighbourhoods and create preventative places</b>

				<b>Lead</b>	<b>When</b>
<b>We wanted to...</b>	Harnessing the value of the borough's outside spaces to improve wellbeing, engagement and community cohesion.	<b>We are going to...</b>	3.1 Identify preferred <b>online booking system</b> for community halls to trial. Information about preferred online booking system is made available to all community organisations and TRA halls. Exemplar organisations are identified to act as early adopters.	Southwark Council (SGTO?)	tbc
	Developing an approach to enabling asset transfer to take place in the right circumstances.		3.2 A revised <b>Community Asset Transfer</b> approach is in place and promoted across the sector. Resources and guidance are in place with regard to asset transfer and leases, etc	Southwark Council (Property and Communities Division) in conjunction with Community Southwark and CCG	Proposal detailing new approach/info on community assets to be presented and discussed at May event.
	Taking advantage of co-location opportunities. We want through co-location and sharing assets to improve preventative services and outcomes for residents.		3.3 Identify and develop premises for <b>VCS incubation</b> in conjunction with the development of the short term innovation grants.  3.4 Ensure that organisations funded by the council to provide area based resources make <b>free space available to informal groups</b> and non-registered charitable organisations. Linked to 2.4	Southwark Council (Property and Communities Division), with CCG	Proposals to be presented and discussed at May event.  tbc
	Embedding co-production and co-design when considering place based strategies, to create improved outcomes for residents, through community-led approaches.		3.5 Review (including community sector representation) 2008 <b>Statement of Community Involvement</b> for Planning Policy.  3.6 Review <b>engagement exercises pre consultation</b> to understand where and how communities can be best engaged with (ie co-design engagement exercises with community leaders). Linked to 1.1	Southwark Council (Planning and Regeneration)  Southwark Council (Communities)	Proposals to be presented and discussed at May event.  Ongoing following May
